MID/Frankfurt Name Check on V-14411

ACTION REQUIRED: COS: Please secure statement for UPSWING from MID

1. Under separate cover is a request from MID/Frankfurt that V-14411's name be checked with PCB and UPSWING. The memo gives only V-14411's name and the following squib: "Allegedly employed by allied intel in 1955 in Austria".

2. Because V-14411 has for a decade been one of the most widely known Western intelligence operatives in the HIWAY field we feel certain that there is more behind MID's query than evaluation of a 1955 allegation. Therefore, since UPSWING rightfully asks for clarification of the requesting unit's interest when a query touches on an active V-Mann, we are withholding further action pending receipt of a clear statement of MID's reason for initiating the check.
